BRODHEAD.

The revival at the Baptist church is drawing good crowds.

Messrs. Elder and Owens are conducting a singing school at Sparks Quarry. The residence of Sol Northern was destroyed by fire a few nights ago. Nothing was saved and the family had a narrow escape.

Fred Durham, "Fatty," left last Sunday night for Elizabethtown, where he has taken a position as bookkeeper for the Durham Bottling Works.

Zeb Hall has rented his farm and moved his family to Washtoto, Bell county, where he has accepted a position as section foreman on the C. V. division of the L. & N. Mr. Hall was reared a railroader and can't keep from it now.

J. Matt Craig, our hustling stockman, bought this week 90 head of fat hogs at 4 and 4c. Fred Bahn bought of Wm. Colwell one two year old mare for \$110. Granville Owens bought of Burt Owens a saddle mare, consideration not known.

After a 30 day shut down our merchants are handling chestnut wood. The price of cross ties has advanced from 40 to 45 cents each. Some few hickory and white oak spokes are being handled and quite a lot of logs are being shipped from here, all of which shows faint signs of prosperity. The near approach of spring makes us feel good too.

As The Cabinet Looks

Secretary of State—Senator Knox, of Pennsylvania.

Secretary of the Treasury—Judge Vandevanter, of Wyoming.

Attorney General—George W. Wick-ersham, of New York.

Postmaster General—Frank H. Hitchcock, of Massachusetts, Republican National Chairman.

Secretary of the Navy—George Von L. Meyer, of Massachusetts, now Postmaster General.

Secretary of the Interior—R. A. Ballinger, of the State of Washington, former Commissioner of the General Land Office.

Secretary of Agriculture—James Wilson, of Iowa, now completing his third term.

Secretary of Commerce and Labor—Charles P. Nagel, of Missouri, attorney for the large brewery interests of that State.

Of course, when Mr. Taft announces his full Cabinet one or two of these names may not be on it, but that is the way the slate looks now.

Washington Once Gave Up

The doctors failed, then "Bucklen's Arnica Salve" completely cured me," writes John Washington, of Bosqueville, Tex. For eczema, boils, burns and piles its supreme. 25c at Penny's Drug Store.

IN MEMORIAM.

On Feb. 5, 1909, at 9:30 A. M., the spirit of Mrs. Louisa Holtzclaw took its flight and returned to God. Who gave it. She was 78 years old and was born in Garrard county. An indulgent mother is gone, but let those who are left to mourn her loss try to live as she has lived. She was kind to every one and was liked by all. Mrs. Holtzclaw will be missed by her friends and children. Her funeral was conducted by Rev. R. B. Mahony, of Stanford, at the Baptist church near her home in Preachersville and her remains were followed to the last resting place in Lancaster cemetery to await the resurrection morn, when let it be hoped her loved ones will join her in praise of God eternally. Grandmother is gone but not forgotten.

Never will her memory fade,
Sweetest thoughts will ever linger
'Round the grave where she is laid.

Off from our heart comes the bitter cry,
Why, Oh why should our grand-ma die?
Then comes the answer so solemn
and deep,

Dear grandmother is but asleep.

Dearest grandmother we miss thee as
thy face we fail to see,
But far beyond the stars in heaven we
shall united be.

Dearest grandmother thou has left us
And thy loss we deeply feel
But 'tis God Who has bereft us,
He can all our sorrows heal.

When we leave this world of changes,
When we leave this world of care,
We shall find our missing grandmother
In our Father's mansion fair.

Home is sweet when grandmother is
with us,
Home is sad when she is gone,
No more will we see her until we meet
in eternity.

Her grand-daughter, J. C. L.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." For severe colds, obstinate Coughs, Hemorrhages, Asthma, and to prevent Pneumonia it's unrivaled. 50c and \$1. Trial bottle free. Guaranteed by Penny's Drug Store.

"Why don't those Balkan go to war?"
"What's the use? They get all the newspaper space they want, anyhow."

Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. New Stanford Drug Co.

The widow was half carried to the witness stand. She moaned "Oh, God!" and for several minutes was unable to tell when she last saw her husband alive. Former State Treasurer Craig and Mrs. Charles H. Eastman also gave important testimony. Mrs. Eastman gave a dramatic recital of the tragedy and made a strong witness for the prosecution.

Anti-Saloon League Convention.

LOUISVILLE, Feb. 17.—The first convention of the Kentucky Anti-Saloon League is now in session with good audiences at the Coliseum. Rev. W. B. Beauchamp, president, introduced Mayor Grinstead, who made a welcome address, which was well received. Rev. Aquila Webb, pastor of Warren Memorial, also gave us a warm welcome in a lively speech, which made every one glad to be present. Rev. Joseph Severance responded to these welcome addresses in a very humorous talk and I was really proud to know that he is our "Joe" from Stanford. He brought the "house down" with his humor. Among other things he said: "My congregation would all be here and rejoice in the privilege, but they are forcibly detained at home. You have given us a warm welcome and we are going to stay just as long as you will let us and come back again on your first invitation. You can't reform the saloons, nor run them on the principles taught in the Bible and our Sunday schools. This was tried in New York and utterly failed. The only platform upon which you can conduct a successful saloon is the old original one hatched in hell and promulgated by the devil."

President Beauchamp read a paper, the strongest I have ever heard. I wish they would publish millions of copies of Rev. Beauchamp's paper for free distribution. Dr. W. C. Taylor, who is president of the Virginia Anti-Saloon League, and pastor of one of the leading Baptist churches of old Virginia, gave us a very entertaining address. In short the opening day was a great success.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at Penny's Drug Store.

"Duke, my father has lost his money."
"I will marry you anyhow."
"Can I believe my ears?"
"Yes; a man like him can easily make another fortune."

THE striking of more than a million cent pieces at the San Francisco Mint in 1908 made a new record in the history of the United States Mint and its branches, for never before since the coinage of pieces of this denomination was begun, in 1793, had such coins been struck anywhere except at the parent establishment at Philadelphia. As a matter of fact, says the New York Sun, no need for the making of coins of this denomination in the West presented itself until within recent years, as the demand for cent pieces was confined almost exclusively to the Atlantic and Middle Western States. In the West and Southwest this minor coin has had no purchasing value, was not recognized and was seldom seen in circulation. Indeed, even at the present time there are many Western localities in which cent pieces are not accepted. We can remember when five cents was the smallest change that was necessary in any transaction as nothing sold for less than a nickel.

BRYAN recently said in a speech before his home people at Lincoln, Neb.: "A democrat who always follows the nominees nominated by the constituted authorities of his party will not only keep his record clean as a democrat, but will continue to merit the plaudit from his party, well done, thou good and faithful servant, go hence and fight the common enemy, who never fails to make it hot for democracy when the opportunity affords. Make the nominee himself, a secondary consideration, but keep in mind the cause he represents. Remember the advice of Jefferson as to party loyalty, and of his teachings that the greatest good to the greatest number can be derived from the democratic party. Adhere strictly to these principles and in the end our efforts will be crowned with success."

A READER wants to know which of the States have abolished capital punishment. Maine, Michigan, Wisconsin, Rhode Island, Kansas, Colorado and Iowa abolished it, but the two latter after a trial restored it. In France the use of the guillotine was discontinued by the President's refusal to sign death warrants, but criminals became so bold and dangerous that it had to be again brought into requisition and already a number have had their heads cut off. The execution of a criminal seems to be a cruel operation, but there is a class that that punishment alone will deter from crime.

MR. ROOSEVELT is shaved by a clerk carried on the government payroll \$1,600 a year. If he shaves once a day it is at a cost of \$4.50 a shave. The average citizen thinks he is paying too much when he has to give up 15 cents, and Roosevelt will, too, in a few days, thanks to the flight of time.

THE extra session of Congress will be convened on March 15. This date was definitely settled and President-Elect Taft authorized the announcement.

THE court of appeals affirmed the Jefferson circuit court in the case of Louisville against Theresa Lambert. Appellee, a washer woman, 62 years of age, was given \$2,500 damages in the lower court for injuries sustained by falling through a defective sidewalk. The court says that she will never be able to follow her vocation again and the damages are not excessive. It is a good thing that the city council of Stanford ordered concrete pavements, or we might be paying our washer women a little high for washing our soiled linen.

At the meeting of the Kentucky Anti-Saloon League a petition was reported requesting Gov. Willson to call an extra session of the Legislature to pass a uniform county unit bill. The petition says that Gov. Willson personally and the republicans are pledged to this policy and he is asked to make good. It is dollars to doughnuts that the governor does not convene the Legislature into extraordinary session to consider any county unit bill. Republicans only make promises, but do not keep them.

PLATES at the Taft banquet at New Orleans cost \$25. And yet this is man who is hoping to break the Solid South, says the Bowling Green Messenger. Isn't that one way to break it? How long can its citizens stand paying that much for one meal.

SOME one has sued James B. Haggins, the millionaire of New York and Fayette county, for \$250,000. He evidently wants to make the old man divide up before he relinquishes his hold on his millions.

ED LEIGH, of the Bowling Green Messenger, kicks because Charley Meacham, of the Hopkinsville Kentuckian, indirectly calls him a night rider. But honest "Injun" Ed, ain't you a night rider?

It is stated that it will take President Taft half an hour to read his inaugural address. Too long, Bill. Boil it down, and then use the blue pencil. Brevity is the soul of wit, old man.

SENATOR KNOX shows that he is a very patriotic citizen by his willingness to serve as Secretary of State for \$8,000 a year, while the other Cabinet officers get \$12,000.

Legislation which seeks to regulate the interstate shipment of intoxicating liquors has been incorporated by the House in the penal code bill.

Secretary Straus has announced the appointment of Julian L. Brode, of Memphis, Tenn., to go abroad and report upon the foreign markets of the cotton seed industry.

So far as Congress is concerned the constitutional bar to the acceptance by Senator Knox of the State portfolio in the Taft Cabinet was removed when the House passed the bill reducing the salary of Secretary of State. The bill at first was defeated through the failure of two-thirds of the members to vote for it, but it was brought up again under a special rule and passed by a majority vote.

Senator McCreary was the only Senator who spoke on the two battleship proposition in the Naval Appropriation bill in the Senate. The Senator said he had hoped some member of the committee would explain the proposition, and in the absence of such explanation he entered into a defense of the proposition advocating a navy large enough to insure the United States against being wantonly attacked by another power.

The board of prison commissioners called on Gov. Willson in abody and presented a communication in which they request him to have State Inspector and Examiner Thatcher make an examination into the affairs of the two penitentiaries at the earliest possible moment. Gov. Willson told the commissioners he would comply with the request at once. The board says that the reason for asking immediate action is that there are some moved by "feeling of retaliation, seeking for selfish purposes to impress the public mind that the penitentiaries are improperly managed."

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—cures blood pressure away from pain centers. Its effect is charming, pleasingly delightful, gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful pressure with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brace your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

THE judgment of young Dalton against the L. & N. for injuries received at Rowland some time ago, and which was affirmed by the court of appeals, was paid Wednesday. It amounted to about \$640 with costs and penalty thereon.

MR. S. M. OWENS, who made a most excellent race for assessor at the late primary, asks us to state that he is for the whole ticket nominated Feb. 6, and will be found fighting for every nominee in November. He desires to thank those democrats who supported him and has no ill will toward those who saw fit to oppose him. Mr. Owens says no democrat should be quibbling about irregularities, if there were any, but that every democrat should do his duty by his successful opponent.

THE fiscal court met Tuesday and after hearing the report of the committee that was appointed by it to go to various towns and inspect the work of Fritz Krueger & Son, contractors, decided to close the contract for the new court house as the work of the above firm at other places had been satisfactory in every particular. Krueger & Son's first bid was \$35,045, but instead of rough work in the fourth story the rooms are to be finished, a partition placed between the offices of the county judge and county attorney for a consultation room, and the clock is to be placed in the dome. For this extra work only \$5 was charged, making the total bid for the completion of the court-house \$35,050. The building is to be completed by Dec. 1st and work is to begin March 1st. The superintendent for the building has not yet been selected by the court. We trust that the court will give this matter careful consideration and select the best man for the responsible place.

CONTEST FILED.—M. S. Baughman filed notice of contest Wednesday on W. L. McCarty, the successful candidate for sheriff at the recent primary. Mr. Baughman alleges irregularities in various precincts of the county. His chief complaint is that known republicans participated in the primary. Hons. P. M. McRoberts and Robert Harding represent Mr. Baughman, the latter being employed to take the place of Attorney George B. Sautley, who declined the case. Mr. McCarty, through his attorneys, will file his answer in the time allotted by law. We sincerely regret that the contest has been brought, and we are sure the democratic county committee will adhere strictly to the law in disposing of the case, and a square deal will be given each of the gentlemen, thereby leaving no doubt as to who is the regular nominee of the party. The following gentlemen compose the county committee, before which the contest will be tried and its decision is final: S. J. Embury, Jr., T. A. Rice, J. B. Bailey, J. W. Holtzclaw, J. M. Cress, Levi Bell, W. S. Drye, Wm. North, Walter Martin, A. G. Caldwell, C. M. Thompson and J. H. Carter. Mr. George L. Penny is chairman of the committee.

If you want good meat call on Wilkinson & Lutes. Phone 47.

PERRY BALLARD, of the East End, bought the farm of 56 acres from the heirs of the late Rev. F. M. Hill for \$3,450.

THE oldest inhabitant can't remember when we ever had such ideal February weather. The sun never shone brighter than on Wednesday and yesterday and they were almost as warm as May days.

LINCOLN CALENDAR.—The Lincoln County National Bank, since the injection of young blood, is keeping the institution before the world in a well directed use of printers' ink. The Lincoln Calendar is most appropriate and the State Journal thanks Cashier W. M. Bright for one.

MR. FISCAL COURT.—We have no ax to grind and only the good of the people and tax-payers at heart, but we trust that in your selection as superintendent of the new court-house that you will secure the services of a competent and up-to-date man for that responsible position. That is to be a building to stand for generations to come, as well as one that can be pointed to with pride when strangers visit our city and our people can talk about it when they go elsewhere. We trust that the court will heed our advice, for it is given only in the best of grace.

The night rider sections of Kentucky are quiet and tobacco is selling freely and at good prices. Two things have come of all that business: Kentucky and Tennessee are disgraced in the eyes of the world and the tobacco trusts have had their grip on the throat of the tobacco farmers broken. Tobacco sells at from 1 to 200 per cent higher than before.

At Mt. Sterling court Monday, there were 5,000 cattle on the market and between 800 and 1,000 mules. Prices prevailed as follows: Best 1,000 pound steers sold at 4½ to 5¢; heifers from 3½ to 4¢; the demand for good long yearlings was heavy and a considerable number sold by the head, bringing over 5¢. Old cows, rough oxen and bulls sold steadily at prices of 1½ to 3½¢, mules from \$100 up to \$225.

A Madison county farmer has taken up the raising of mule-hoofed hogs. In appearance they would be taken for our Poland-China breed, but the hoof is not split, like the common hog, but is solid like the hoof of a mule. They are raised at Redwig, Indiana, where a breeder makes a specialty of this breed and it is claimed that they are proof against hog cholera. It is claimed that they can be put in where other hogs have the cholera and they will not take it. This breed hogs originated in the Cumberland mountains of eastern Kentucky and Tennessee.

Tobacco Growers

Stop at W. H. HIGGINS' and see the BEMIS Transplanter for Tobacco, Tomato, Cabbage, Sweet Potatoes, &c. The transplanting can be done when the plants are ready. You do not wait for rain as each plant is watered at the roots as set and the roots are covered by dry, firm dirt, which can not bake and which retains the moisture underneath.

It will pay you to investigate before setting your plants.
